

ABSTRACT OF THE DISCLOSURE

5 A GPS publicaton application server. A mobile location
knowledgeable device is in communication with a server. The
server provides indications of the device's location to a home
page associated with the device. The home page includes
information about a user of the device and methods of contacting
10 the user at any particular time. The server is also in
communication with a variety of application servers. The
application servers push information to the device depending on
the device location and preferences listed in the home page of
the device.
